ROYAL OAK CENTENNIAL COMMONS

WE SHARED 3 CONCEPTS WITH THE COMMUNITY & STAKEHOLDERS

"We are SO excited!!! We are a family of two kids and a mom and we LOVE the rooms concept- but no matter what we would love a nature playscape/play area and an interactive water feature!"

AT THE FOOD TRUCK RALLY, WE ASKED THE COMMUNITY TO VOTE FOR THEIR PREFERRED CONCEPT

TOP VOTES

ROYAL OAK CENTENNIAL COMMONS

"We liked the [Rooms] delineated spaces with different functions and believe this leaves it **welcoming for different groups** to occupy the space at once. It also **feels unique**- like it would be a fun space to visit that is different from all the other parks in RO."

"**Lots of trees**- park is a hub for walkability and civic culture"

WHAT WE LEARNED:

Perimeter Trees – Lots of them to provide shade, canopy

Terraforms and topography are liked

Restrooms are a need

Water feature is desired – splash pad provides versatility

Play "area" desired – not necessarily playgrounds

Green areas a must – natives, simple palettes

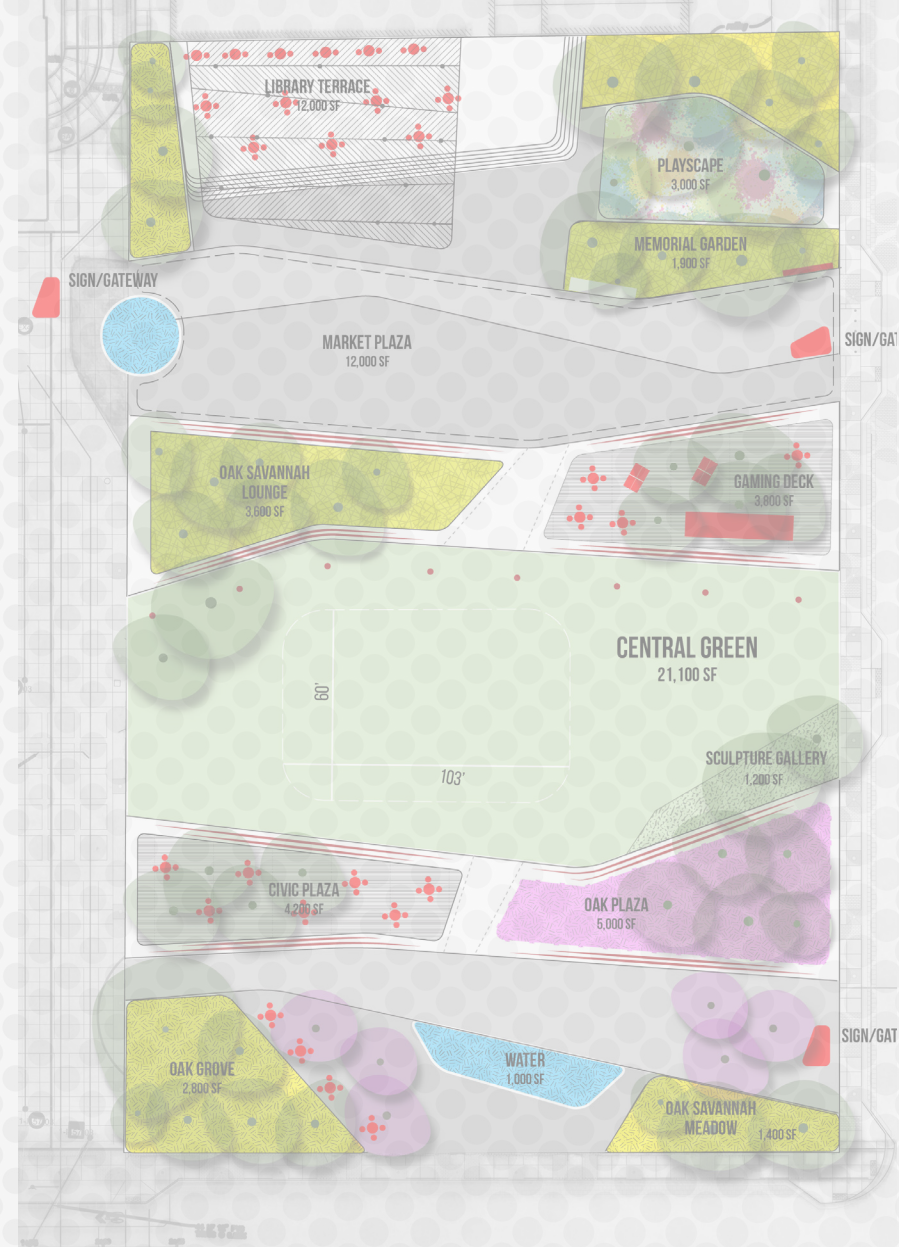

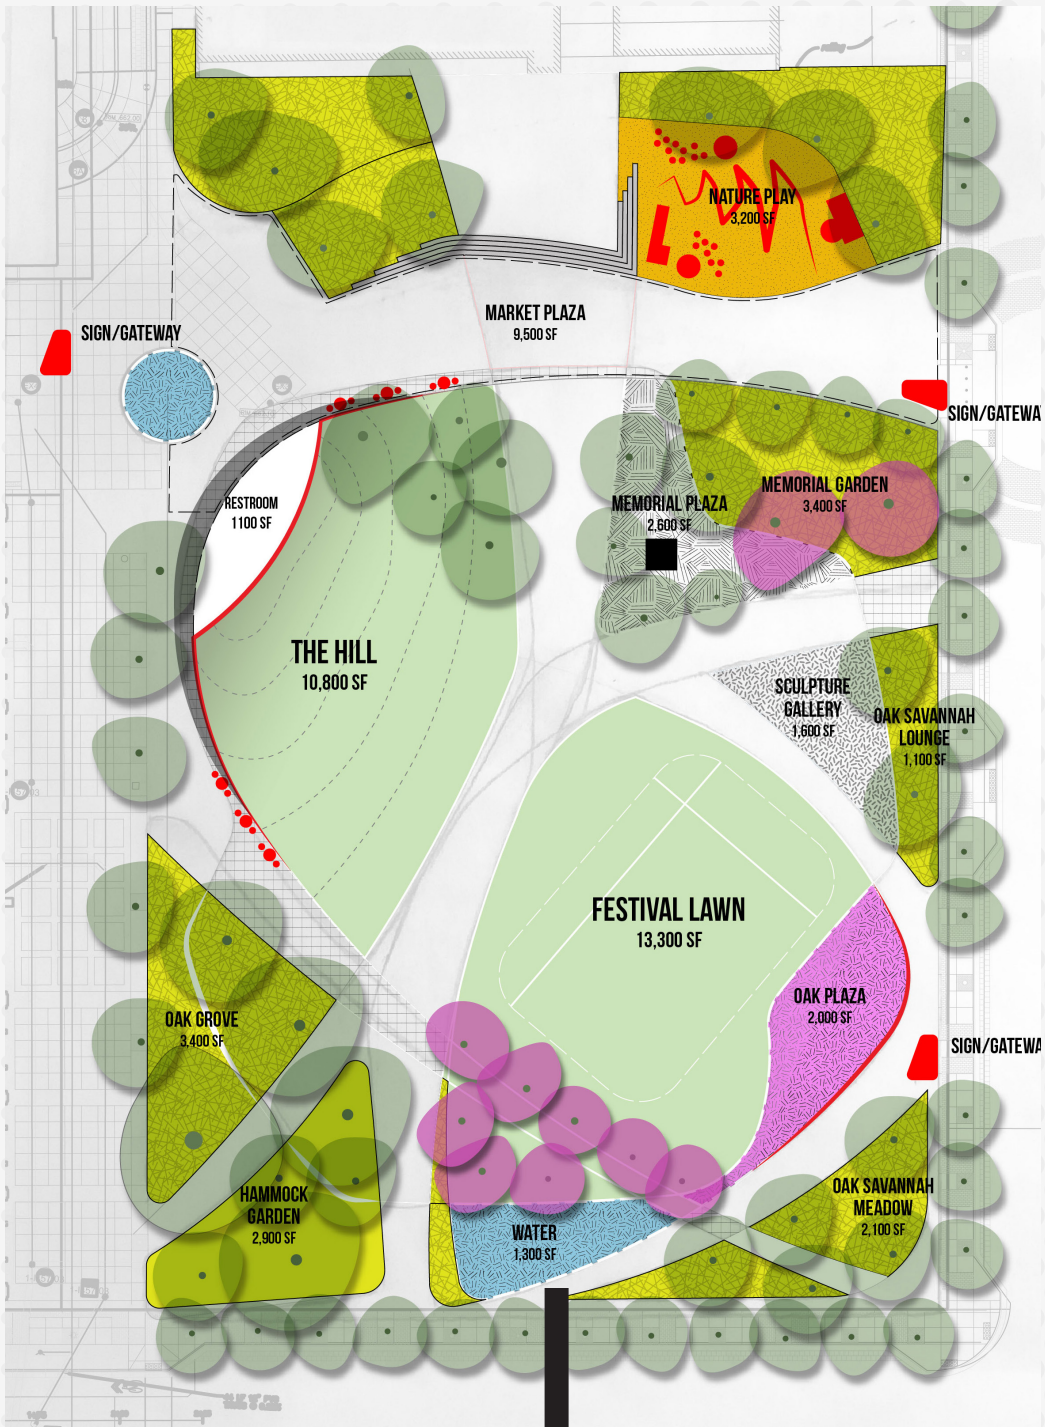

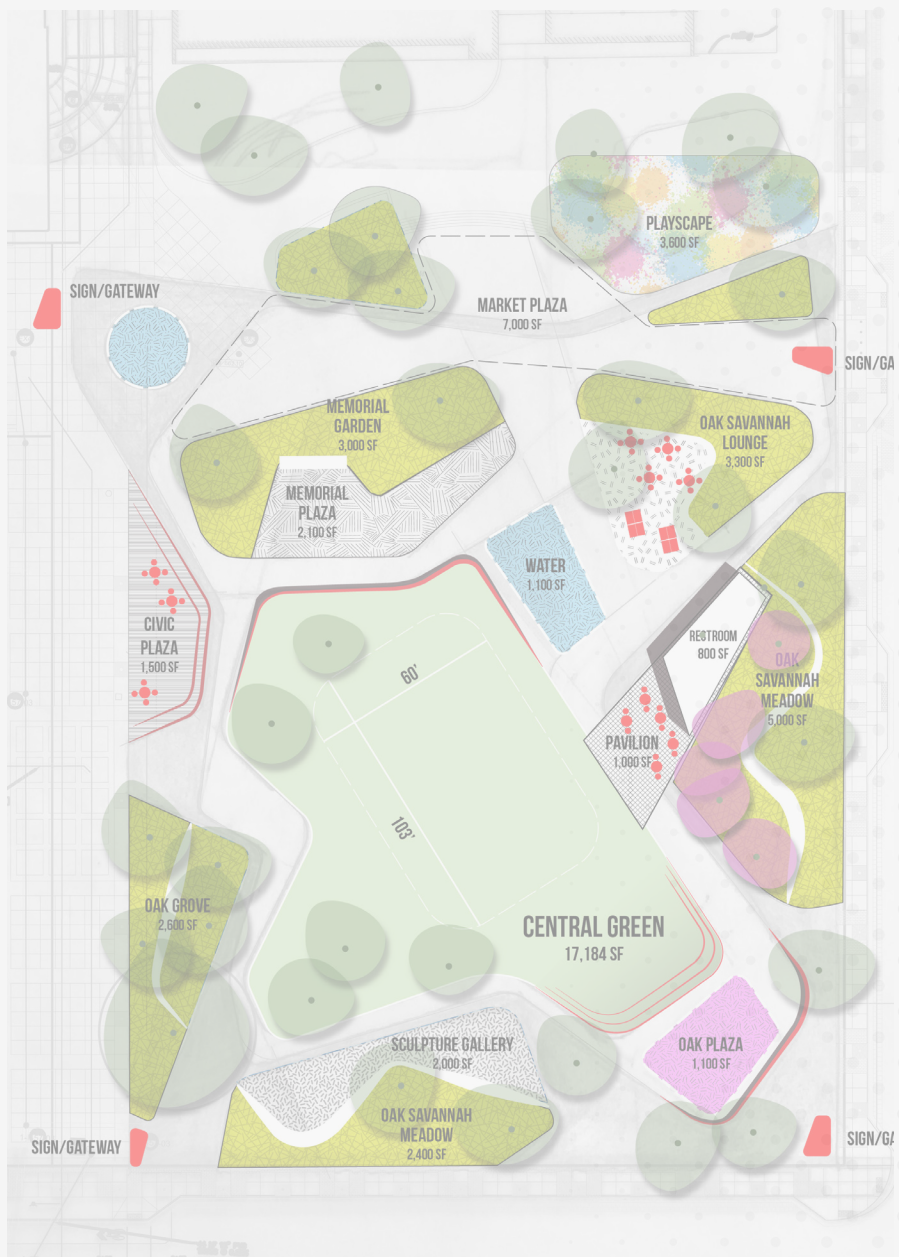

Showcase new location of **memorial**

Needs to be **flexible** open space for large events

Terrace/Pavilion at Library – Possibly Phase 2
